

Fideli and Swearingen Elected to Lewiston Porter School Board

April Fideli, president of RRG, and Wendy Swearingen, secretary of RRG, were elected by a large margin to membership on the Lewiston Porter School Board, unseating incumbents. Although not endorsed by RRG, it was well known in the community that they were working for a safer environment for the students and teachers. They wanted a safe emergency exit route from the school and an end to toxic trucks traveling in front of the school en route to Chemical Waste Management.

Their election victory can be seen as another indication that the community wants an end to toxic contamination of Lake Ontario and the adjacent area.
